WHAT TO EXPECT WITH BILLSLISTRENTALS.COM

Once you list with us, we start a careful process to ensure you get the maximum number of potential renters to help you fill your vacancies. It begins with an Initial Setup Assessment, which includes:

- Travel to your property for an initial meeting.
- Acquiring all property information.
- Taking photographs.
- Gathering additional site-specific information for our creative advertising design.
- After the initial assessment, we will make your listing highly visible on the web and on the street.
- A BillsListRental.com banner with ID number will be hung. Renters can use that number to easily view your listing on the website.
- Your site listing includes a photo gallery and optional virtual tour.

CONTINUED ADVERTISING

Once we've designed and run your advertising package, your continued advertisement can run for a small monthly fee until your vacancy is filled. We also check in with your property manager periodically to ensure satisfaction.
